## Static Pass Box

Maximize your production efficiency with clean room equipment! We are a pass box manufacturer company based in India and have a long successful experience in designing, manufacturing and installing such equipment all over India. Here at Bionics Scientific, we are presenting static pass box and dynamic pass box equipment at factory price. These pass boxes are custom designed, rugged, made of high grade stainless steel and can be installed in a number of ways, depending on the wall or door that will support them. These pass boxes are supplied in pharmaceutical, semiconductor and food industries to meet the most demanding controlled environment conditions.

## Surgical Scrub Sinks & Operating Room Scrub Stations

With superior construction and customizable design options, Ray healthcare corporation stainless steel scrub sinks are the right fit for any hospital or ambulatory surgery center. Ray healthcare corporation surgical scrub sinks are available with one, two, or three stations and can be customized with a list of personalized accessories.
